GENERAL PURPOSE GLOVES

Zorb-IT

Zorb-IT™'s unique, patent-pending "sponge nitrile" technology is changing the rules of what a flat-dip nitrile glove can be. Zorb-IT's sponge nitrile produces an extra-absorbent nitrile dip that conforms and adheres to the nylon shell like no other glove available. The result is a glove that beats the competition in laundering nearly three-to-one, and absorbs almost twice as much oil and grease while still delivering a sure grip. What's more, Zorb-IT doesn't delaminate after only a few washes, standing up to repeated washings with no shrinkage. Zorb-IT's revolutionary design is what you've come to expect from the worldwide leader in hand protection technology.

Style	Size
4550	extra small (06), small (07), medium (08), large (09), extra large (10)

Chem Res.	Wear/Abrasion Cut	Tear	Puncture

GENERAL PURPOSE GLOVES

Zorb-IT Ultimate

Zorb-IT™ Ultimate is the newest member of the nitrile-coated Zorb-IT™ product line from Best Manufacturing. This shallow-dipped glove brings new levels of form-fitting comfort and cut-resistance, thanks to a cut-resistant shell made from aramid fibers spun with stretchable, breathable Lycra®. Its sponge-nitrile technology absorbs oil and water to deliver the same superior grip and handling in wet or oily applications that it does in dry jobs. Whether you're handling small, sharp parts or changing out blades and cutting instruments, Zorb-IT Ultimate is the ultimate in advanced, cut-resistant nitrile-coated hand protection. Available in sizes XS-XL.
